THE CITY OF CORDOVA IS AN  
EQUAL OPPORTUNITY EMPLOYER

## Winter Freeze Reminder From Public Works

The Public Works, Water Division recommends community members keep in mind the value and benefits of trickling the water lines through January and February to prevent pipe freeze ups.

Without several feet of snow cover as insulation and “warmth savers”, many of our private and public water lines can freeze up at this time of year. A small, slow dripping at a cold-water faucet will help keep water moving a bit to prevent freezing.
